

ALL-FLO

- Air Operated Double Diaphragm Pumps

AMT

- Diaphragm Pumps
- Self-Priming Pumps
- Centrifugal Pumps
- Submersible and Sump Pumps
- Coolant Pumps

AR North America

- Plunger Pumps
- Diaphragm Pumps
- Vacuum Pumps

BLUE-WHITE

- Chemical Metering Pumps
- Diaphragm and Peristaltic Hose
- Digital Flow Meters
- Ultrasonic Flow Meters

DICKOW

- Heavy Duty Process Pumps
- End Suction/ Top Suction
- API 685 Magnetic Drive

DISCFLO

- Disc Pumps
- End Suction Centrifugal Pumps
- Submersible Pumps
- Sump & Dry Pit Pumps
- Sanitary Pumps
- Multistage Pumps

EBARA

- Submersible Pumps
- Centrifugal Pumps
- Multi-Stage Pumps
- Self-Priming Pumps

FINISH THOMPSON

- Drum Pumps
- Magnetic Drive Pumps
- Magnetic ANSI Teflon Lined Pumps

GOULDS G&L

- End Suction Pumps
- Vertical Multi-Stage Pumps
- Split Case Pumps

INNOMAG

- Magnetic Drive Centrifugal Pumps

IWAKI

- Magnetic Drive Pumps
- Self-Priming Pumps

MEGGA

- Centrifugal Pumps

MTH

- Regenerative Turbine Pumps
- Centrifugal Pumps

PULSAFEEDER

- Gear Pumps
- Centrifugal Pump
- Diaphragm Metering Pumps

ROTECH

- End-Suction Pumps
- In-Line Pumps
- Self-Priming Pumps
- ANSI Pumps

STAN-COR

- ANSI Centrifugal Pumps

SUMMIT PUMP

- ANSI Centrifugal Pumps
- Self-Priming Pumps
- Double Suction Pumps
- Slurry Pumps
- Solids Handling Pumps

TUTHILL

- Process Positive Displacement Pumps
- Lubrication and Circulation Pumps
- Vacuum Pumps
- Blowers

TRUFLO

- ANSI Pumps
- API Pumps

WILDEN

- Air Operated Double Diaphragm Pumps

VAUGHAN

- Chopper Pumps

VERTIFLO

- End Suction Vortex and Process Pumps
- Self-Priming Pumps
- Vertical Sump and Cantilever Pit Pumps

MIXERS

DYNAMIX AGITATORS

- Portable Clamp-On Mixers
- Top Entry Mixers
- Side Entry Mixers

PROCESS EQUIPMENT

ABB

- Process Instrumentation
- Flow, Level, Pressure, Temperature

KOBOLD

- Process Instrumentation
- Flow, Level, Pressure, Temperature

E+H

- Process Instrumentation
- Flow, Level, Pressure, Temperature

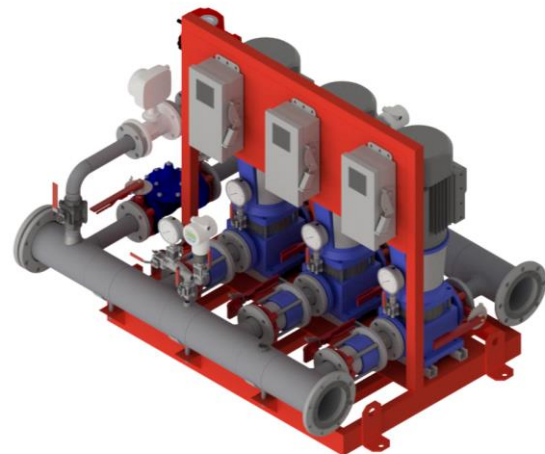

OTHER EQUIPMENT

- Contact us about equipment not listed, we may be able assist you.

NAICO CUSTOM DESIGN

Maintenance friendly liquid and powder slurry systems including pumps, tanks and controls. Custom designed and built for your process. Including...

- Wastewater Plant Process Automation
- Dry Powder Handling Systems
- Bulk Bag Chemical Unloader Systems
- Wastewater Flocculation Systems
- Polymer Activation Systems
- Constant Pressure Water Booster Systems
- Central Chemical Delivery Systems
- Skid Mounted Pumping Systems
- Turn-Key Packages Designed to Your Specifications

NAICO SERVICE CENTRE

- Naico's Service Centre is available for all your commercial and industrial pump repair needs
- Customized maintenance agreements for your plant or field repairs
- In house or on-site repairs
- Authorized repair centre for Bell & Gossett
